

Art & Science Academy in Isanti is looking to add to our substitute teacher and substitute paraprofessional pools. We are a small, public charter school community located just off Highway 65 with an elementary and a middle school (KG-4th and 5th-8th grades). ASA is proud of its small class sizes and dedicated staff. If you're available to work while your child is in school, are a retiree, or someone looking for extra spending money, this is a great opportunity. Please read below for more details:

🍎🍎 Sub Teacher: Gain experience in a wide variety of educational settings; and learn valuable, transferable skills for other careers such as problem solving, public speaking, time management, and experience working with kids. Candidates will need a current teaching license or a short call substitute teacher license through MN Dept of Education. We can assist those who are looking to obtain a short call license.
